AEA (AREA EDUCATION AGENCY)

Our school is served by the Heartland AEA that has offices in Ames, Johnston, and Boone. They provide a variety of services including special education, speech, and other consultative services. There is also a large media division that provides online learning, laminating, and similar services. The educational services division offers a wide variety of teacher training, in-service, and school improvement support services. Some child directed services are available to pre-school aged students. Call the school if you have a concern about a child and would like more information or you would like to consult with someone.

ATTENDANCE/TARDIES

Student absences for parts of days are rounded off to the nearest half-day. The school should be notified IN ADVANCE when a student will be gone for several days due to a trip or for other reasons.

Any time a child is absent, someone must call or otherwise notify the school BEFORE 8:45 a.m. If we do not receive notification we will call you to determine the child’s status. This program is designed to protect our children and your cooperation has made it very successful.

UNEXCUSSED ABSENCES include working at home without prior arrangements, shopping, personal appointments such as haircuts, vacations while school is in session without prior arrangements/notification, and truancy.

EXCUSED ABSENCES include personal illness, funerals, dental, and other health appointments. All absences will be subject to be excused or not by the principal. Once a student reaches 5 absences, a letter will be sent home making the parents aware of the number. If the absences continue, the principal will set up a meeting with the parents to make a plan to keep the student in school. Once the principal feels absences are excessive, a letter will be sent to the Assistant County Attorney who will begin working on a truancy case.

A student is considered TARDY when they arrive after 8:20. When a student reaches 3 tardies, the student will serve a detention after school until 3:45. This time will be used to make up the time missed when tardy. Excessive tardiness will be cause for a conference between the parent and the principal.

A student who is deemed TRUANT must participate in an attendance cooperation process (Iowa Code 239.5B & 299.12) where parents, the student, school officials and other appropriate persons meet to determine ways to get the student to attend school. Families of students in grades PK-6 receiving Family Investment Program (FIP) benefits, a designated school representative is required by law to contact the Department of Human Services in the case of truancy. Families are then at-risk of having their benefits reduced by 25% and may be referred to the county attorney. All other families are subject to possible civil or criminal penalties.

BICYCLES

Bicycles may be ridden to and from school by any student whose parents feel has the proper ability and responsibility levels. This varies and is best determined by the parent rather than a certain grade level or age.

Bikes are to be parked in the racks provided immediately upon arrival at school and are to remain there until the student goes home. Bikes should never be left at the school overnight or on weekends and the school assumes no responsibility for them in these situations or for damage that might occur during the school day. Students are never to ride their bikes in the school driveway.
A bicycle safety program, including classroom instruction, is carried on annually. Such a program is effective, however, only with the full cooperation of parents in reinforcing and enforcing the rules taught at school. The solution to bike safety is not found in education alone.

**BOOTS/GYM SHOES**

When conditions merit, students are expected to wear boots and snow pants to and from school as well as during the recess periods. This is done in the interest of the students’ welfare and to reduce unnecessary maintenance efforts. Students may wear their school shoes for physical education classes if they have rubber soles. This provides a measure of protection as injuries could occur as the result of slipping on stocking feet or slippery-soled shoes.

**BREAKFAST PROGRAM**

Breakfast is offered to students from 7:45 - 8:15 daily in the lunchroom. No prior sign up is necessary. Their lunch account is debited for the cost.

**BUILDING ASSISTANCE TEAM (B.A.T.)**

A Building Assistance Team (BAT) is available to teachers and/or parents to help determine possible teaching and learning strategies that might be successful with a given student who is having problems. The counselor, enrichment teacher, and principal plus all other appropriate staff members make up the team. Either parents or a teacher may request assistance. Contact the counselor or principal for further information.

**BUS PROCEDURES**

**Dismissal Of Bus Students**

Parents of rural students who plan to pick them up should send a note or call the office. If a student is not riding the bus, we should have a note or call indicating the parent’s permission for this. This avoids situations where the child is upset or confused as to what they are to do after school.

**Town Students Riding Buses**

Students who do not ordinarily ride the bus must have a note or the parent must call the office giving permission and giving directions for riding the bus. Due to the large numbers of students on some of our buses, please check with the school before planning to have groups of students, such as for scouts or a birthday party, ride the bus.

**CANCELLATION OF SCHOOL**

The cancellation, delay, or early dismissal of school due to bad weather will be announced as soon as the decision has been made and will be announced as follows:

- **WHO** (1040 AM), Des Moines
- **KQWC** (1570 AM/96 FM), Webster City
- **Reliance State Bank Time/Temperature** (733-5151)
- Area television stations
In the event of a “late start” please keep listening as it sometimes becomes necessary to cancel classes at a later time.

COUNSELOR

The school employs a counselor, Mrs. Kathy Gabrielson, who works with whole class groups, small groups, special needs groups, and with individuals as well as with parents. If you have a concern about a particular problem or situation please call her at the school.

DISCIPLINE AND STUDENT BEHAVIOR

Student behavior in and around the school is expected to be such that it does not interfere with the smooth operation of the school and does not infringe upon the rights of other students to enjoy a safe, secure, and effective school experience. The rights and property of others is to be respected at all times by all students. Students who do not comply with these expectations will be disciplined by a variety of means including deprivation of privileges, work with the counselor and/or principal, and parent conferences.

Inappropriate behavior on the school bus is dealt with through a procedure that uses the following system:

- **Offense #1**: Student talks with the principal; parent notified
- **Offense #2**: Loss of recess for a day; parent notified
- **Offense #3**: Loss of bus riding privileges (1-3 days); parent conference
- **Offense #4**: Loss of bus riding privileges for extended time; parent conference with principal

All of these steps may be skipped if the principal feels the infraction is serious enough. The primary focus for behavior on the buses includes being seated when the bus is moving, not moving from seat to seat, not bothering or harassing other students, keeping hands and feet to self, and excessive noise.

EARLY CHILDHOOD/SPECIAL EDUCATION PROGRAM

We have an early childhood (ages 4) and early childhood/special education (ages 3-5) program. We will take applications for this position by March 1 each year. The hours for the program will be 8:20-11:05 and 12:30-3:15 Monday through Thursday.

EMERGENCY PROCEDURES

Periodic drills are held to give students practice in the procedures for fires and tornadoes. Specific exit and shelter locations are rehearsed and discussed with the students several times each year. In the event of a tornado warning, students may be held at the school until the danger has passed. Starting 2014-2015, the district has adopted the ALICE protocol for an intruder. Students, parents and staff were trained/informed of this protocol in the 2013-14 school year and we will review this practice yearly.

EXTENDED LEARNING PROGRAM

Roland-Story students of the Extended Learning Program (ELP), formerly TAG, are offered learning opportunities appropriate to their identified gifts, talents, interests, motivation and needs addressing the cognitive and affective growth
through varied instructional strategies and program options. These may occur within the regular classroom at grade level, within special programming at the grade level or school, or within special programming beyond the grade level or school. Mrs. Ellen Lyman is in charge of this. She is our full time ELP coordinator for the entire district. She will be serving grades 3-12 and will be doing enrichment in the lower grades.

FACILITY AND EQUIPMENT USE

If you are intending to use the District’s facilities, you need to go to our web page rolandstory.school and hit the “community links” link and schedule from there.

FAX MACHINE

Our fax line is our 3rd phone line, so it is possible that you may call and get the fax line beep. Please hang up and try us again. If you need to fax something to us, the number is (515) 733-5357.

FIELD TRIPS

The various classes take field trips during the year. A permission form is included on the student’s enrollment sheet. You and your child will be informed about specific trips, dates, and times prior to the time of each trip. If a parent is asked to attend the field trip as a chaperone, younger siblings will not be allowed to attend the school field trip. Students attending field trips will ride the bus to and from the trip unless the parent has made arrangements PRIOR to the field trip.

FREE AND REDUCED PRICE LUNCHES

Application forms and information regarding free and reduced price lunches are available from the school office.

FUNDRAISING

The Board of Education adopted guidelines in July of 1997 to provide direction and consistency for fund raising activities conducted by school groups. These guidelines are summarized below:

1. A list of all fundraising activities from the previous year will be included in the October newsletter to allow businesses and patrons to prioritize their plans for involvement.
2. Each proposed project will be submitted in writing to the building principal. The principal will approve the project or submit it to the Board of Education for their approval before the project begins.
3. A written report will be made to the building principal upon the completion of the project, listing all details including financial records.
4. Complete financial accounts for each project will be presented to the school business office for the purposes of conducting an audit.

HANDICAP ACCESS

Handicap parking and access are available at the entrance to the new gym area at the north end of the school. A push-button door is located at this entrance.
HEARING TESTING

All students are given hearing tests yearly by the personnel from the Heartland Area Education Agency. This usually occurs sometime during the second quarter of the school year. Parents will be notified if the testing indicates any concern.

HOMELESS CHILD/YOUTH, DEFINITION OF

- A homeless child or youth ages 3-21;
- A child who lacks a fixed, regular and adequate nighttime residence and includes the following:
  - A child who is sharing the housing of others (includes doubled-up families) due to loss of housing, economic hardship, or a similar reason; is living in a motel, hotel, or camping grounds due to the lack of alternative accommodations; is living in an emergency or transitional shelter; is abandoned in a hospital, or is awaiting foster care placement.
  - A child who has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for humans beings
  - A child who is living in a car, park, abandoned building, substandard housing, bus or train station, or similar setting;
  - A migratory child/youth who qualifies as homeless because of the living circumstances described above
    - Includes youth who have runaway or youth being forced to leave home.

HOURS

Arrival Times
School begins at 8:20. Students are considered tardy any time after 8:20. Appropriate disciplinary action will be taken in the case of habitual tardiness (see attendance). Bus students go to their assigned areas upon arrival. Students who live in Story City are expected to arrive at school between 8:00 and 8:20. Because of space limitations and supervision demands they should not arrive prior to 8:00. These students are not admitted to their classrooms until 8:15.

Dismissal Times
Students are normally dismissed as follows:
- Pre-Kindergarten/Kindergarten: 3:10
- Roland Town: 3:15
- Story City Town: 3:20
- Roland Country: 3:35
- Story City Country: 3:50

All students’ academic day ends at 3:15 so you may pick them up at that time. There are exceptions to this schedule when school is dismissed early for teacher in-service meetings or holidays. A calendar of these events is distributed at the beginning of the school year and they appear on the district newsletters monthly calendar.

Students are expected to leave the school building and grounds promptly after their dismissal unless they are working with a teacher. Students are not to be on the playground before or after school as no supervision is provided at those times. Students also assume their own liability when using the playground during
non-school hours, weekends, or vacation periods. The school cannot assume liability or responsibility for student accidents/behavior problems that occur as students walk to and from the schools but we will cooperate in every way possible to prevent and solve these problems. We ask that parents that are here to pick up their children wait by the front office at the end of the day instead of going to the room. This will help with traffic flow and confusion in the hallways.

ILLNESS AND REENTRY TO SCHOOL

While most illnesses do not require exclusion, there are times when the student should be kept/sent home. If the illness:

• Prevents the student from participating comfortably in activities.
• Results in needed care greater than school personnel can provide considering the health and safety of other students.
• Poses a risk of spread of harmful diseases to others.

If any of these criteria exist, the best option for the student is exclusion, regardless of the type of illness.

(Workgroup: Judy Goddard, Mary Rexroat, Carol Hinton (Iowa Department of Public Health) and Sara Peterson, Charlotte Burt (Iowa Department of Education), 3/26/10, AAP permission to use referenced materials 4/13/09)

Your child may return to school when:

• Free of fever for 24 hrs (101 or higher, untreated)
• No vomiting for 24 hours
• Bacterial conjunctivitis (pink-eye), and impetigo:
  o Treated with antibiotics for 24 hours of dosing.
• Ringworm:
  o Treated with antifungal for 24 hours and area covered while at school.

All students, regardless of grade, must provide evidence of immunizations against Diphtheria, Tetanus, Pertussis, Polio, Measles, Rubella, Hepatitis B, Varicella.

INSURANCE AND STUDENT ACCIDENTS

School insurance forms are available during the pre-school fee payment period and in the school office. A variety of options are available at a reasonable cost.

If your child is injured at school, s/he should report the injury to the teacher, nurse, or the office immediately. In particular, any injury that might result in an insurance claim needs to be reported so the necessary data can be recorded to complete claim forms.

LIBRARY FINES

Fines are not levied for overdue books. However, charges are made for damaged and/or lost books. The librarian and/or the principal will assess the appropriate charge, up to and including the replacement cost of the book.

Lost texts and library books are charged to the student at the end of the school year. If the book is located and returned, in good condition, a refund will be made upon the presentation of the receipt for the fine. This allows us to complete our
inventories and close out the book lists and financial records at the end of the school year.

LOST AND FOUND

A lost and found is maintained during the school year. Each year a large number of items go unclaimed. Some valuables are kept in the school office. At parent teacher conferences and at the end of the school year some items are retained and others are donated to charity. Students and parents should check these areas for missing items. Labeling all student clothing and possessions whenever possible will reduce the likelihood of losing them.

LUNCH

School lunch is available to all students in grades K-4. Students’ payments are kept in a computerized accounting system. Daily charges for lunch and extra milk are charged against the balance in the account and reminders are sent home when the account reaches the level equal to 3 lunches. No lunches will be allowed to be “charged” once the account is depleted. Parents may send additional funds for any amount at any time. Payschools is an opportunity to make payments online. If you wish to use this service, you may access this on the R-S website.

One carton of milk is included in the school lunch price. Students who carry their lunches or who desire additional milk with their lunch must deposit money in an account as described above.

Students who live in Story City may go home for lunch. We need notification of your permission for them to do so. The teachers cannot check on the destination of students each day. Students would be expected to return by the end of their lunch/recess period.

MEDICATION AT SCHOOL

The Roland-Story Board of Education has adopted a policy, in accordance with state law, regarding the dispensing of medication to students at school. No medication will be dispensed to students unless these guidelines are followed:

1. The medication is prescribed by a licensed prescriber.
2. The medication must be in the ORIGINAL container filled by the pharmacy and labeled with:
   a. full name of the student
   b. name of the medication
   c. directions for use
   d. name of the prescriber
   e. name and address of the pharmacy
   f. date of the prescription

NOTE: Most pharmacies will issue an additional container and label for this purpose if requested at the time the prescription is filled.

3. A statement/note is received with the medication that includes:
   a. date
   b. request for the school to administer the medication
   c. statement of permission to administer the medication
   d. parent signature

4. All medication will be returned or destroyed at the end of the school year.
5. Non-prescription medication will be administered only in grades PK-8 and only when accompanied by a statement which includes:
   a. statement as to the type of medication
   b. directions for its administration
   c. request of administering the medication
   d. parent signature and date

ASPIRIN, TYLENOL, ETC. ARE INCLUDED IN THIS CATEGORY. Tylenol is available from the nurse’s office if permission and amounts have been indicated by the parent on the student’s registration card.

This policy is based upon STATE LAW. It is designed to protect against the improper administration of medication. No medication will be administered without following these procedures.

MILK FOR PRE-KINDERGARTEN/KINDERGARTEN/1st GRADE

Milk is available for these students. Payment is on a yearly basis. A “snack calendar” is distributed whereby students take turns providing a snack for the class to enjoy with their milk.

This is an optional program. However, water is the only alternative beverage, unless there are medical factors involved.

OFFICE HOURS

The school office hours are 7:45 a.m. - 4:15 p.m., Monday through Thursday and until 4:00 p.m. on Friday.

OPEN ENROLLMENT

Iowa law now allows parents to petition to have their child attend another district other than the one where they live under certain conditions. Parents who have an interest in exercising this option, whether it is to attend in or out of the Roland-Story District should contact the Superintendent’s Office for further information.

OPEN HOUSE/MEET AND GREET

An Open House is scheduled for October 2 at 6:30 pm. This is an opportunity for all students to show the school to their parents, grandparents, other relatives and friends.

Grades 1-4 Meet and Greet is August 22nd from 5:00-6:00. This is a time for students to bring in their school supplies and meet their teachers. It will also be a time for parents to get necessary paperwork filled out (field trips, parties, conferences and acceptable use policy). Parents will also take home with them a packet of information that will explain all expectations and other necessities for the 2017-2018 school year. Teachers who have pre school conferences with parents and students WILL NOT have a meet and greet.

P.A.L. READING PROGRAM

The P.A.L (Program of Assisted Literacy) reading program provides 1:1 assistance in reading for selected kindergarten students. Students receive approximately 20 minutes per day until their reading skills reach the regular instructional level.
PARENT-TEACHER CONFERENCES

A parent-teacher conference is scheduled for all students at the end of the first quarter and by appointment in February. Sign up for conferences happens through My School Systems and Information on the specific procedures is sent home several weeks prior the conferences.

Teachers are usually available for conferences most days before or after school. If you wish to have a conference, please call the teacher to set a mutually convenient time.

PARTIES, TREATS

Classroom parties are held at Halloween, Christmas, and Valentine’s Day. They are usually planned by the teacher and students with assistance from parents.

Students may bring treats to share with their classmates on their birthday. As part of our wellness policy, we are encouraging healthy, store purchased items. We are discouraging homemade treats. We DO NOT have refrigerator/freezer facilities at the school. Please keep this in mind when planning your treats and in deciding what time to deliver the treats.

PARENT-TEACHER ORGANIZATION (PTO)

The Parent-Teacher Organization was formed in 1993 as an opportunity for parents of students in the school to become more directly involved in the school through opportunities for volunteer work, informational meetings, dialogue with the school staff, and fund raising activities. The group meets periodically during the school year. For more information about the group and its meetings, call the school office.

PE/RECESS PARTICIPATION

If your child has an injury:
- Please provide a doctor’s note, with stated activity restrictions from the initial doctor visit.
- Please provide a “release” note from the doctor to resume all activities.

PETS AT SCHOOL

Pets are not allowed at school except as a part of a class activity or demonstration. In such cases, pets are to be returned home by parents immediately after the demonstration and no personal pets should remain overnight at the school. Please contact your child’s teacher before bringing a pet to school.

PICTURES

School pictures will be taken by a commercial studio on September 28 and 29. A payment plan is used whereby parents select one of several package options and send payment before the pictures are taken. All students will have their picture taken for
class composites and will receive a copy of the composite even if they do not purchase pictures. Retakes are available. All refunds and problems with the pictures are handled by the picture company, not the school.

PLAYGROUND RULES

All playground rules are established with the safety of the students in mind. In some cases, this means more restrictions on their play activities here at school than would be the case at home. In summary our rules include:

- No tackle games or fighting
- Touch football only
- Specific rules for using various pieces of play equipment
- No snowballs
- No skateboards or roller skates

There are adults on duty at all times that students are on the playground. Violations of the established rules are reported to these people. Various methods, including the loss of recess times, are used as consequences for violations of the rules. Students are not to be on the playground before and after school and assume their own risk when playing there during non-school times.

PRE-KINDERGARTEN

The pre-kindergarten program is designed for students who meet the age requirements for kindergarten but because of delays in their academic, emotional or physical development need more time in order to be completely ready for the kindergarten curriculum.

Students are selected for the pre-kindergarten program through a series of screening tests, parent consultations, and teacher observations. The classes meet daily for a half-day. We make every effort to keep the class size below 15 students. Students normally move into the kindergarten program after attending pre-kindergarten for a year.

Pre-Kindergarten is 8:20-11:05 Monday through Friday.

READING CLASS (TITLE I)

The Title I reading program is a federally funded program which provides assistance for students who are encountering reading problems. Students are selected for the program based upon testing. Students meet with the reading teacher in her classroom. This assistance is above and beyond the reading instruction received by all students.

READING IS FUNDAMENTAL (R.I.F.)

The Reading Is Fundamental (RIF) program provides FREE paperback books to each student two times each year. These books are purchased with contributions made by local businesses and service organizations.

REPORT CARDS
Report cards are sent home with students a few days after the end of the quarter. The report card does not need to be returned to school.

**STAYING AFTER SCHOOL**

Students will not be kept after school for more than a few minutes or beyond their bus time unless specific arrangements have been made with the parents. Various privileges will be denied during the school day instead. Makeup work or extra help can be provided after school.

**STUDENT CONDUCT**

The Board of Education believes inappropriate conduct causes material and substantial disruption to the school environment, interferes with the rights of others, or presents a threat to the health and safety of students, personnel, and visitors on school premises.

Students shall conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school premises, while on school owned and/or operated school or chartered buses, while attending or engaged in school activities, while away from school grounds if misconduct will directly affect the good order, efficient, management and welfare of the school.

Students who fail to abide by this policy and the administrative regulations supporting it may be disciplined for conduct which disrupts or interferes with the educational program, conduct which disrupts the orderly and efficient operation of the school or school activity, conduct which disrupts the rights of other students to obtain their education or participation, conduct that is violent or destructive, or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

The sale, use, or possession of **tobacco or tobacco products** is prohibited on the school grounds or in the building at all times. This includes any time of the year, at any activity, day or night. Any student violating this rule is subject to mandatory suspension from school and referral to law enforcement authorities. The school grounds are not only the area on which the buildings are located but also any areas where school-sponsored activities are taking place, such as the football field, track, baseball/softball fields, etc. The administration shall have the right to demand student cooperation during any investigation of suspected use of possession of tobacco or tobacco products. Students may be requested to show the contents of their personal belongings for such an investigation.

The sale, use, or possession of **alcoholic beverages** or “look-alike” products is prohibited on the school grounds or in the building at all times. This includes any time of year, at any activity, day or night. Any student violating this rule is subject to mandatory suspension from school. The school grounds are defined as in the above paragraph.

The administration shall have the right to demand student cooperation during the investigation of suspected use or possession of intoxicants. Students may be requested to show the contents of their personal belongings for such an investigation.
The sale, use, or possession of drugs or other controlled substances is prohibited on the school grounds or in the building at all times. This includes any time of the year, at any activity, day or night. Any student violating this rule is subject to mandatory suspension from school. The school grounds are defined as in earlier paragraphs of this section. The administration shall have the right to demand student cooperation during the investigation of suspected use of drugs/controlled substances. Students may be requested to show the contents of their personal belongings for such an investigation.

The Board of Education believes that weapons and dangerous objects in school cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, and visitors on the school district premises or property within the jurisdiction of the school district. School district facilities are not an appropriate place for weapons or dangerous objects and look-a-like weapons. Weapons and other dangerous objects shall be taken from students and others who bring them onto the school district property or onto property within the jurisdiction of the school district or from students who are within the control of the school district. Parents of students found to possess a weapon or dangerous object or look-a-like weapon on school property shall be notified of the incident.

Any student who brings or knowingly possesses a firearm at school or at a school activity shall be suspended immediately and recommended for expulsion from school for one year unless the superintendent elects to recommend modification of the penalty on a case-by-case basis. In deciding whether to recommend that the board adopted penalty not be applied to a student who brings a firearm to school, the principal, superintendent, and other appropriate individuals shall confer to consider the student’s status including age, grade, and special needs, and the circumstances under which the student brought the weapon to school, including the student’s knowledge, purpose, and apparent intent.

The superintendent shall promptly notify and refer to law enforcement or juvenile authorities any student who brings to or knowingly possess a firearm at school. For purposes of this portion of the policy, the term “firearm” includes any weapon which is designed to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, a muffler or silencer for such a weapon, or any explosive, incendiary, or poison gas.

Any student who threatens another person on school property or at a school event with a dangerous weapon or an object that resembles a dangerous weapon or who displays any object in such a manner as reasonably to place another person in fear for his or her safety, shall be subject to discipline by the principal or superintendent including possible suspension and recommendation for expulsion.

STUDENT DRESS/APPEARANCE

All students are expected, as Roland-Story representatives, to display personal cleanliness, good grooming, and appropriate attire at all times. Any form of attire or personal appearance that is extreme, unusual, suggestive, socially unacceptable, or simply in poor taste will not be permitted. Examples are, but not limited to: no hats, caps, etc., underwear shirts, tube tops or similar items of clothing, any clothing that does not properly cover the body. Clothing that is disruptive, obscene or promotes illegal substances will not be permitted. Shorts are permitted if they meet the above requirements. Shoes must be worn. Neither dress nor personal
appearance shall be contrary to good hygiene or be distractive or disruptive to the educational process.

Inappropriate student appearance may cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, and visitors on school grounds. Students are expected to adhere to standards of cleanliness and dress that are compatible with the requirements of a good learning environment. The standards will be those generally acceptable to the community as appropriate in a school setting. Students are expected to wear clothing that is appropriate to their age level and that does not disrupt the school or educational environment. Under certain circumstances or during certain classes or activities a stricter dress code may be appropriate and students must comply with the stricter requirement.

While the primary responsibility for student’s personal appearance lies with the students and their parents, appearance disruptive to the education program will not be tolerated. The initial decision as to clothing’s appropriateness for classroom attire will rest with the classroom teacher. The building principal will make any “questionable” final determinations of the appropriateness of the student's appearance.

When in the judgment of the principal, a student's inappropriate dress disrupts the educational process or constitutes a threat to health or safety, the student shall be required to change, make modifications to their clothing, or leave the school.

STUDENT/STAFF HEALTH, SAFETY, WELL-BEING

An appendix is located at the end of this handbook which outlines all of the Board of Education policies and procedures regarding equity, equal opportunity/affirmative action, complaint policies and procedures, child abuse reporting, alleged abuse by school employee reporting, and harassment.

As new policies and procedures are adopted, this information will be disseminated through the school district’s newsletter, local media, and updated editions of this handbook.

STUDENT LOCKERS/SEARCH AND SEIZURE

Student lockers are the property of the school. Students shall use the lockers assigned to them for storing their school materials and personal items necessary for attendance at school. It shall be the responsibility of the student to keep their assigned locker clean and undamaged. To ensure students are properly maintaining their assigned lockers, the principal of the building may periodically inspect all or a random selection of lockers.

A student’s locker can be searched whenever an administrator or teacher has a reasonable suspicion that a criminal offense or a school district policy, rule, or regulation has been violated and the administrator or teacher has reasonable belief that the search will produce evidence of the violation. Students will be present during this inspection. Student lockers may also be searched in compliance with Board policy regulating search and seizure.

Items in violation of school district policies, rules or regulations found in student lockers are confiscated. Illegal items may be given to law enforcement officials.
Students are not to place locks on their locker. School district property is held in public trust by the Board. School district authorities may, without a search warrant, search a student, student locker, personal effects, desks, or work areas based upon a reasonable suspicion that a school district policy, rule, regulation, or law has been violated. The search shall be in a manner reasonable in scope to maintain order and discipline in the school, promote the educational environment, and protect the safety and welfare of students, employees, and visitors to the school district facilities.

A student cannot expect his locker, himself, or his personal belongings to be free from inspection if the administration considers a search necessary to maintain the integrity of the school environment and to protect other students.

School authorities may seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband may include, but are not limited to: non prescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, weapons, explosives, poisons, and stolen property. Such items are not to be possessed by a student while they are on school district property or on property within the jurisdiction of the school district, while on school owned and/or operated school or chartered buses, while attending or engaged in school activities, and while away from the school grounds if misconduct will directly affect the good order, efficient management, and welfare of the school district. Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be reported to local law enforcement officials. The Board believes that illegal, unauthorized or contraband materials may cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, or visitors to the school district premises or property within the jurisdiction of the school district.

A search, of course, may be made by a police officer with a valid warrant or in connection with a valid arrest. If police are involved, however, parents shall be notified and the Principal or other school official shall be present at the time of the search. In all instances a complete report of the incident, together with witnesses and other pertinent information, should be recorded immediately.

STUDENT PROPERTY/PERSONAL POSSESSIONS

Any student monies, property, or personal items of value are at ALL TIMES the sole responsibility of the student. The school WILL NOT assume liability for any personal items lost, stolen, or damaged. Money or items of value should be kept on the student’s person or kept in a secure area (perhaps with the teacher). Each student is responsible for his/her individual possessions.

STUDENT RECORDS

A student’s parents, guardians, or eligible student shall have access to the administrative and supplementary records at all reasonable times. Access to unverified records may be given to the parents, guardians, or eligible students as necessary in establishing accuracy or adding information.

Student records are periodically reviewed and when personally identifiable information is no longer needed to provide educational services to the student it is
removed. Parents have a right to keep this material. The parent should contact the school if they are interested in reviewing this material.

Student records considered directory information are public records, open to public examination. Roland-Story directory information includes: participation in officially recognized activities and awards received.

A parent or adult student may request that a student’s directory information not be released without prior consent. Absent such a request, records containing directory information will be open to public inspection. A school official competent in interpreting students’ records shall be present to explain the records that are examined.

TEACHER HOURS/CONTACTING THE TEACHER

The teachers are in the building from 8:00 a.m. until 4:00 p.m., Monday through Thursday and until 3:50 p.m. on Friday. Exceptions would include meetings, some lunch periods, and emergencies. Before and after school is the best time to call the teacher if you wish to speak with them personally. Otherwise, they will be glad to return your calls.

TECHNOLOGY

The full Roland-Story 1:1 acceptable use policy is available at rolandstory.school. You and your child will be asked to sign the elementary portion of the acceptable use contract at the beginning of school.

TELEPHONE USE

Students are permitted to use the telephone to make legitimate calls if they secure their teacher’s permission. This privilege will be suspended for persistent violations. We ask your cooperation in emphasizing to your child that the phones are to be used for important calls only.

Students will not be called out of class for phone calls except for emergencies. We will be happy to relay messages to them, however.

Students should make arrangements for staying with friends, etc. during non-school times, using their home phones. Be sure your child knows where they are to go if there is a change in their routine. A note or call will allow us to assist in making the correct decisions.

Cell phones are not allowed to be on during school. If this becomes a problem, we reserve the right to keep the phone in the office until school hours are over.

TESTING PROGRAMS

The school administers various group tests in an attempt to learn more about the strengths, weaknesses, achievements, and abilities of our students and to evaluate the overall effectiveness of the school’s curriculum. Most of these tests are given by the teacher in the classroom:

2nd through 4th grade February Iowa Assessments
PK through 4th grade Sept/Jan/April FAST (Formative Assessment System for Teachers)

Test results are treated with the utmost privacy. Teachers, the principal, or the counselor are happy to discuss test results with you at any time. Individual scores have little meaning unless they are interpreted in light of the child’s total performance.

The results help teachers and parents set realistic goals for each child. They are also helpful in evaluating the school’s curriculum.

TEXTBOOK RENTAL FEE

A basic fee for the school year covers the cost of all books and many supplies. Students will be expected to provide some general supplies. The Roland-Story Schools will grant either full waivers, partial waivers, or temporary waivers of school textbook rental fees depending upon the circumstances and the student or student’s parent’s ability to meet the financial criteria. Full waivers will be granted if the student or students’ parents meet the financial eligibility criteria for free meals under the Child Nutrition program, Family Investment Program, Supplemental Security Income guidelines, or transportation assistance under open enrollment. Students in foster care are also eligible.

Partial waivers will be granted if the student or students’ parents meet the financial eligibility criteria for reduced priced meals offered under the Child Nutrition program. A partial waiver shall be based upon the same percentage as the reduced price meals.

Temporary waivers will be granted in the event the student’s parents are facing financial difficulty. Temporary waivers may be applied at any time throughout the school year and shall not extend beyond the end of the school year.

Parents or students eligible for a waiver shall make an application on the form provided by the district. Applications can be made at any time but must be renewed annually. Fines or charges assessed for damage or loss to school property are not fees and will not be waived. The district will treat the application and application process as any other student record and confidentiality and access provisions will be followed. Denial of a waiver may be appealed to the Superintendent of Schools (515-733-4301).

TRANSFERRING STUDENT

Students who are moving out of the district during the school year should notify the school several days in advance so that transfer forms can be completed.

VISITING SCHOOL

Parental involvement and communication are high priorities for our school. Parents are welcome to visit school at almost any time. The few exceptions are those times when it is in the student’s best interest that we not have visitors. The beginning and end of school as well as right after vacations are not the best time for visitors. We ask that you check with your child’s homeroom teacher.
before planning any visit. If you do come to visit, please check in at the office. Visitor badges are expected to be worn.

**VISITS BY OTHER STUDENTS**

Visits by students from other schools or preschoolers are prohibited except with special permission from the principal. Exceptions might be for a child who, by virtue of some unusual experiences, might become a resource in the classroom or a former student who has returned for a visit. Visits will be limited to an hour or two. Visitors of the same age do cause disruptions in the classroom routine and are discouraged from visiting.

**VOLUNTEERS**

Any parent interested in serving the school as a volunteer should indicate their interest by calling the school or informing their child’s teacher. Volunteers are not used to give teachers “time off” but provide a wide variety of services including tutoring, clerical assistance as well as special expertise.

ROLAND-STORY ANTI-BULLYING/HARASSMENT POLICY
The Roland-Story Community School District Board of Education affirms the belief it will take appropriate action to address incidents of bullying or harassment of any type.

Approved 04/22/08 Reviewed ___________ Revised ___________
ANTI-BULLYING/HARASSMENT POLICY

Harassment and bullying of students and employees are against federal, state and local policy, and are not tolerated by the board. The board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. Bullying and harassment of students by other students, by school employees, and by volunteers who have direct contact with students will not be tolerated in the school or school district.

The board prohibits harassment, bullying, hazing, or any other victimization, of students, based on any of the following actual or perceived traits or characteristics, including but not limited to, age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status. This policy is in effect while students or employees are on property within the jurisdiction of the board; while on school-owned or school-operated vehicles; while attending or engaged in school-sponsored activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school or school district.

Any person who promptly, reasonably, and in good faith reports an incident of bullying or harassment under this policy to a school official, shall be immune from civil or criminal liability relating to such report and to the person’s participation in any administrative, judicial, or other proceeding relating to the report.
