2020-2021 Professional Learning Calendar and Goals

District Goals

Student Performance

> The percentage of students proficient on the ISASP for Reading in grades 3-11, Math grades 3-11, and Science grades 5,8,11 will be greater than the %proficient the previous year. All students will show growth.

Collaborative Learning Teams

> During the 2020-2021 school year, 100% of RSCSD CLTs will be fully implementing PLCs.

MTSS/Response to Intervention
During the 2020-2021 school, each school will implement and annually revise a system of interventions.
****

The focus/activities for our 1:00/1:15 Professional Development will be based on the following list:
ΔDeveloping and improving Units and Lessons Plans
> *Connection to the Iowa Core State Standards (CCSS, scope, and sequence)
> *Essential Questions/Essentials Learnings/Big Ideas (a unit vision)
> *Assessments-summative, diagnostic, and formative
> *Differentiation
> *Four Rs-*Rigor, Relevance, Relationships, Reflection*

ΔAligning and reporting Iowa Core and local curriculum
ΔIntegrating technology and resources into the curriculum
ΔProfessional Learning Communities
ΔVideo collaboration and reflection

The Iowa Professional Development Model
The Iowa Professional Development Model is a recommended framework intended to provide guidance to districts, schools and individuals as they develop staff development programs targeted at the learning needs of students. Because the elements of the model are the elements common to improvement efforts that consistently produce student achievement gains, it is recommended that districts and schools model their staff development programs on the framework presented in the visual below.
