Nurse Updates

During this time we are taking extra safety measures to keep our students, families and staff safe. Due to this we ask that if your child has two or more low risk symptoms or one high symptom they stay home for 10 days. If you would like to have your child evaluated by their health care provider during that time please communicate with the school the outcome of the evaluation by your child's doctor and we will work together to determine the date your child can safely return to school. Thank you for cooperation during this time.
